Discussion:

1. The Engineering Department states that Housing Visions has been approved by the City's Planning and Zoning Boards for their proposed development on the Flexo-Wire site. The proposal is for a 5 story mixed-use building with 27 residential units and 8,000 sq. ft. of commercial space. There are also 48 townhomes.

Housing Visions is requesting use of Public space, to construct or reconstruct 59 parking spaces and landscaping islands in the City's ROW on West Second and Lake Street. The parking spaces would be for use by the tenants or visitors of the Harbor View Square project, as well as, the surrounding neighborhood on a first come first serve basis.
